Stunning Stained Glass Looks
for Beautiful Home Decor!

Stunning Stained Glass Looks— Surprisingly Easy!

For over 15 years, Gallery Glass® has brought crafters an affordable, achievable and fun way to bring the beauty and privacy of stained glass windows into their home. As consumers' interest in stained glass decor continues, the 2008 Gallery Glass collection features designs and colors that capture today's decorating trends – and delivers innovative products, tools and techniques to ensure crafting success. What does this mean to you? An opportunity to bring an exciting glass decorating program to experienced Gallery Glass crafters and beginners alike.

Amazing Window Color™ Paint!

Crystal clear, pretty pastels and vivid colors... Window Color™ paint is the key to beautiful Gallery Glass® stained glass effects. From elegant windows and decorative accessories to art-glass panels and simple suncatcher clings, only Window Color—the original simulated stained glass paint—does it all!

- Creates genuine glass textures
- Dries to a shiny glass-like finish
- Applies horizontally or vertically, directly to a window
- Repositionable & removable
- Features an expansive rich color palette

Ideas and Instructions at www.PlaidOnline.com

Plaid's exciting website exposes new consumers to Gallery Glass® every day. Inspiring projects invite consumers into Gallery Glass crafting and detailed how-to instruction ensures they learn the basic skills to get started. Convenient retail locator lets them find your store with ease.

Over 50 Dazzling Colors!

Gallery Glass® Window Color™ simulates the look of cathedral stained glass when painted on windows or other glass surfaces, Plexiglas®, mirrors, styrene and more. Its unique water base formula can be applied vertically or horizontally and can create a variety of textures. Available in 2 oz. and 8 oz. (select colors) bottles with applicator tip.
